

Welcome to Madrid

This centrally located florist offers a wide range of fresh flowers and plants. Its catalogue offers all sorts of different options: natural flowers and plants, bridal bouquets, centrepieces, funeral wreaths, etc.

The shop also sells pesticides for plant care and maintenance, as well as fertilisers, polishes, insecticides, fungicides, compost, soil, etc and clay pots and other pottery items (piggy banks, earthenware jars and animal figures...)

They offer a complete delivery service within Madrid (capital and province) as well as across Spain (via Teleflora). Delivery and phone orders paid for by credit card are also available.
